Acting Chief, Operations School

Notes for AC/DCI Briefing

1. The only training of significance conducted for USIB personnel (other than CIA) by Headquarters Training of Operations School has been Project USEFUL. This is a series of lectures on the structure, purposes, activities, and history of the Agency. The heads of the various activities described are the speakers, including the DCI and DDCI. In 1960 forty-one officers from DOD attended, and this year thirty-six.

2. Covert Training has briefed or trained four DOE officers since the beginning of FY 1960. One pair is now attached to FE.
